Please try to keep a record of your in-kind work, and use this form to prepare a summary for submission to the BLES executive each spring and fall. (*The 45 cents per km for use of personal vehicles has been chosen as an average at the time of this form's creation date in 2007, so use a revised figure if the 45¢ has fallen out of date.)

A pdf file of this form can be found on the BLES website. Use more than one sheet if necessary. When submitting your completed form(s), please keep copies for your own records.
